## Birdscape

Lunada Bay Tile expands its passion for the breathtaking beauty of art glass with Birdscape. The handmade collection draws on a fusion of glassmaking traditions to create one-of-a-kind works of art. Each of these delicate avian creatures is lovingly crafted using a lost wax technique, which uses a hand-carved wax mold, plaster, and molten glass. Beautiful details in the feathers, wings, and tails make each bird a unique treasure. Create your own narrative by displaying the birds individually or as an installation that emulates a flock of birds in flight.
