HIKARI

Hikari Glass Tiles come in sixteen fabulously rich colors in both Pearl (iridescent) & Silk (frosted) finishes. Each chosen color and/or finish adds a completely different dimension to the etched designs. Hikari Glass can be used as accent tiles or you can choose a design to create an entire wall of etched glass. For ordering, please specify color, finish and the entire design number (example: HK-001 Latte Pearl).

Hikari Glass Tiles are sold by the piece on Old Fashioned 4" x 4" (● indicates designs available on 4" x 4" hexagonal). Please see price list for minimum order requirements. Colors may differ from those shown in the catalogue. Please refer to actual showroom samples.
