

Lunada Bay Tile harvests inspiration from oysters, pearls and the waters they live in for its newest collection of ceramic tile, **Shinju**. Just as time and place affect an oyster's appearance and the pearls they create, the texture and color of Shinju reflects the light and style of its surroundings. **Shinju** works beautifully on its own or in combination with our glass collections.

PATTERNS

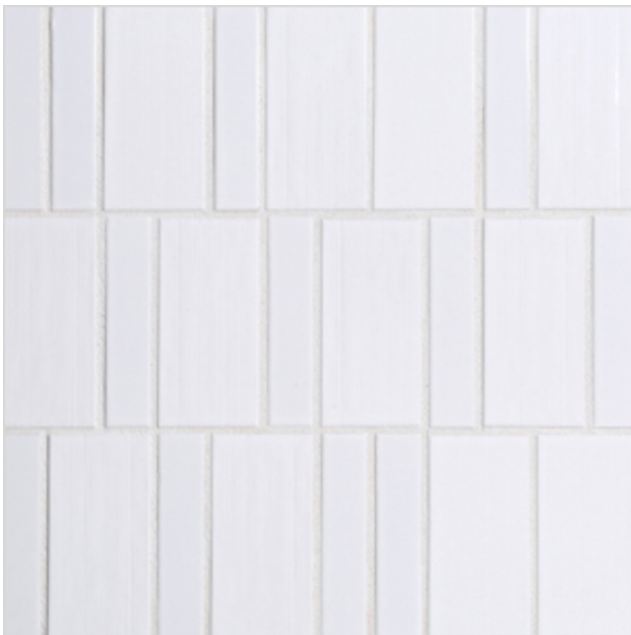

Crest 4" Hex

Named after the highest point of a wave, Crest is a sheet-mounted 4-inch dimensional hexagon ceramic tile with a slightly raised center.

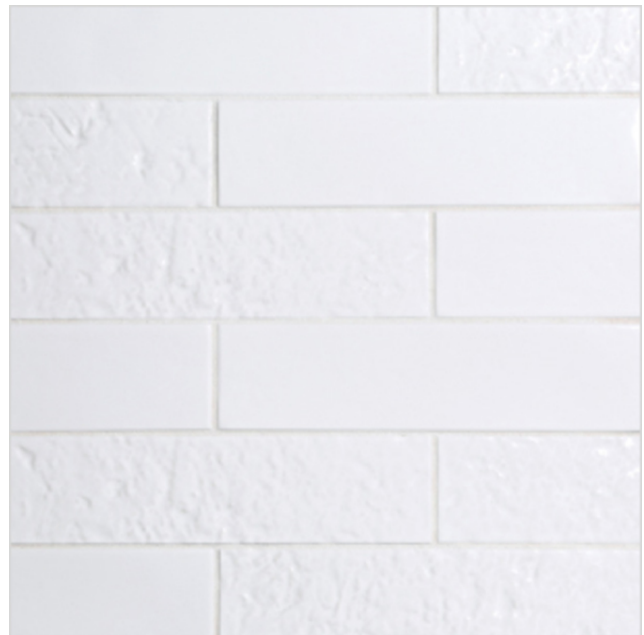

Tide (4 x 4 x 5/16 thick)

This textured tile emulates the alternate rising and falling of the sea that occurs with the rise of the moon and the sun.

Swell Mosaic

These sheet-mounted mosaics include multi-sized rectangular tiles inspired by ocean swells — the slow, regular movement of rolling waves.

Reef (2 ½ x 9 ½ x ¾ thick)

This contemporary blend of rectangular tiles are inspired by ocean reefs — ridges of jagged rock, craggy coral, and coarse sand.

Smooth ($2\frac{1}{2} \times 9\frac{1}{2} \times \frac{3}{8}$ thick)

Rectangular tiles with a smooth surface.

Liner ($\frac{3}{4} \times 9\frac{1}{2} \times \frac{3}{8}$ thick)

Create a finished edge with the Shinju liner.

Material Note: Shinju is a high temperature fired clay suitable for indoor and outdoor use on walls and low traffic residential floors, showers and steam showers. Not suitable for submerged water applications due to the use of metallic glazes.

CONCEPT BOARDS

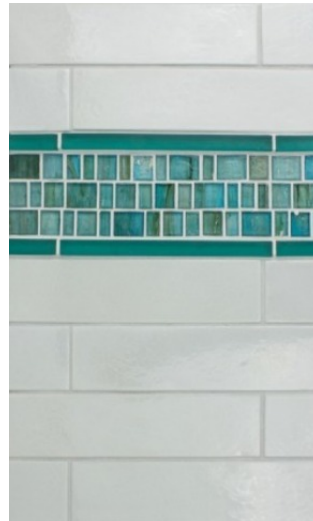

Our 12x19 [Concept Boards](#) showcase some of the ways Shinju can be installed and coordinated with our other collections.

#203 Shinju Tide,
Swell Mosaic Reef
& Liner in
Moonstone

#204 Shinju Reef
Pacific

#207 Shinju Smooth
Kushi; Haisen
Barcode Teal
Natural; Flat Bar
Java Blue Silk
