

Fascinating Rhythm: Agate in Taiko

The Japanese art of Taiko uses large drums to create soul-pounding rhythms. Musicians use a combination of strength and grace to perform this drumming tradition, and the performances are as much a treat for the eyes as the rhythm is a thrill for the ears. We take inspiration from these beautiful drums for our newest pattern in the Agate collection, Taiko. Just as each Taiko drum ensemble plays its own unique cadence, each Taiko tile installation take on its own style based on the color and textures you choose.

## The Series

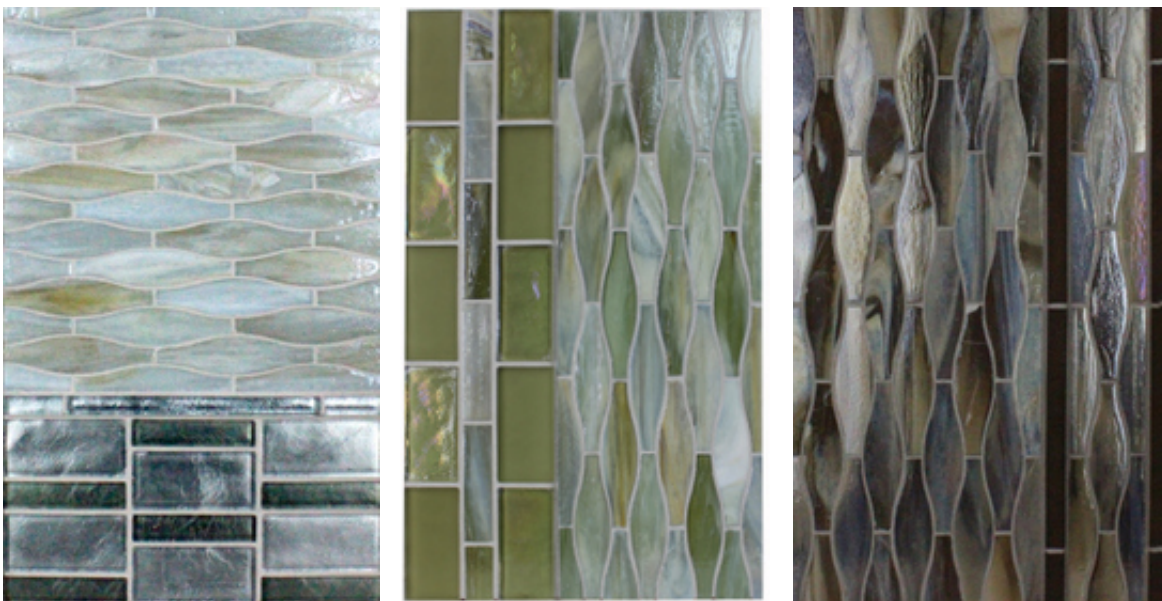

## Colors & Sizes

The tiles in Taiko measure approximately 1 1/4 x 5 inches and are available in 10 colors and three finishes, Pearl, Silk and Ribbed.

## Marketing Tools
