

Introducing Tozen 2x6

Like the art of watercolor, the Tozen collection uses transparency, pigment and light to tell a story. Translucent glass presents our artists the perfect canvas to juxtapose luminosity and darkness... transparency and opacity...rest and movement. The handcrafted, smooth-edged tiles are now available in a 2x6 size, expanding the tools available to tell your personal design story.

Please note: The color Ahou is not available in 2x6.
