

Tomei Modules

Tomei Modules is a versatile collection of large-format glass tiles inspired by modern architectural masters. Created for residential and commercial walls, the large modular field tiles help you create tailored statements from gentle panoramas to bold and playful abstractions. Like an endless canvas, the nuanced colors are suggestive of misty fogs, budding leaves, and broadening horizons.

NOTES					
<p>Since variations are common in artistic glass tile, we recommend final selection be made from an actual tile mock-up. To achieve optimal results in shading, layout and design, tile should be randomly selected from multiple boxes during installation. We recommend a minimum of 10% overage on all orders. Installation constitutes acceptance. We advise retaining control samples to aid in color matching if additional material is required (match not guaranteed).</p>					
MAINTENANCE					
<p>A routine cleaning of Tomei Modules tile can be done with light duty, diluted close to neutral pH cleaner.</p>					

* Acceptable for use near open flame or heat source; however, it is not considered a "Fire Glass".
